

DSCR LOANS

Before you call a DSCR lender

7 things to have ready. Swipe →

01

The property

Address, purchase price (or appraised value for a refinance), unit count.

02

Rent evidence

The executed lease, or two independent market estimates with the spread.

Lenders use the lower of lease and appraisal rent.

03

Taxes and insurance

Property tax at your purchase price, not the seller's bill. An actual insurance quote.

Both sit inside PITIA, so both move the ratio.

04

Credit score

Pulled recently.

Typical program floors start around 660–680. Best pricing at 740+.

05

Liquid funds

Down payment + closing costs + 6 months of PITIA.

On a \$325K example at 25% down: roughly \$105,000.

06

Entity documents

If you are vesting in an LLC.

Most programs allow it, with a personal guarantee.

07

Your exit

Hold period. Will you refinance?

Decides whether to take the prepayment penalty for the lower rate.

THE RULE UNDERNEATH

Compute the ratio yourself first.

Below 1.20, you already know the negotiation you are walking into.
